

RESUME

(A) Personal Details

Name: Anil Kumar
Father Name: Jai Kanwar Jain
Date of birth: 28-12-1969
Address: House no. 100, Sector 27
Gurgaon, Harayana, India
Mobile No. 9818806570
9818271583
Res. Phone no. 01242385570
Email: anil_nikhil@hotmail.com

(B) Academic Qualification:

B.Tech (Computer Engineering) from NIT Kurukshetra in 1992.
M.Tech (Computer Science) from BITS PILANI in 1995.
MBA(Finance) from IGNOU in 2001.

(C) Summary of Experience:

- Around 21 + years of experience in research and development , Training and consultancy in Retail, Banking, Transportation, Tire, Telecom industries.
- Around 7 years of experience conducting highly practical oriented sessions on Advance C, Data Structure and Algorithms, Object Oriented Modelling, Object Oriented Programming using C++, Java, on Unix Platform.
- Around 14 years of experience in IT industry including 8 years overseas experience working directly with clients analyzing their requirements: translating new ideas into client-specific solutions using opportunity identification, requirements development, delivery, support, analysis and documentation

Delivery leadership

- Heading project deliveries teams with excellent track record of time and budget
- Team ramping up , building and motivation
- Product management
- Project management
- Customer relation ship handing and support

Lifecycle exposure

- Experience in all part of Project life cycles, starting from requirement gathering, system engineering(analysis and design) software analysis and design ,implementation, integration and system testing ,delivery to customer and maintenance support to customer.

Academic activities

- Highly practical oriented sessions on Advance C, Data Structure and Algorithms, Object Oriented Modelling, Object Oriented Programming using C++, Java, Software Engineering etc
- Mentoring Trainees end to end through their Projects

- Current area of interests are Big Data , Data Analytics, Cloud Computing

Confrences/Workshops Attended

- Attended NEN (National Entrepreneurship Network) Foundation Course at International Management Institute, New Delhi from April 20 – 24, 2010
- Attained NEN Foundation Course Certificate in January 2010 after implementing the programs at Dronacharya College Of Engineering, Gurgaon

DISCOUNT TIRE COMPANY SCOTTSDALE, AZ MARCH2005 – MAY 2006

- Definition of the Data-warehouse Cubes. Definition of Dimensions (including hierarchies), Dimension Sets (cross ref of dimensions), Data Types (e.g. Extended Retail, Avg Cost etc), Transaction Types, Gateway Specification (formula, naming, transaction, command) for Sales Summary and Tire Cube.
- Design, Development, testing, maintenance of programs generating the input files for data to be loaded in the cube. This involved integration of data from various systems using DDM files.
- Development of Charts, Presentations and Smart screens using Advisor and make them available in Web Advisor
- Development of SQL sources for facilitating SQL drill through charts.
- Recalculate database, Rebuild Index, Reorganize Database, Deleting from Infomanager Database
- Creation and maintenance of nightly extract and loading data in the cubes.

JDA SOFTWARE GROUP INC SCOTTSDALE, AZ JULY2001-FEB2005

Customer Loyalty by Affinity

- Developed Interface to use USPS (United States Postal Service) for Address validation
- Designed, developed, tested, implemented, documented Customer Loyalty Module single handedly. The module involved developing complex screens (using iframes). Enhanced the module to support Relationships.
- Designed, developed, tested and implemented all of the above to support both Oracle and AS/400 so the application could integrate well with both the host systems (MMS on AS/400 and ODBMS on Oracle 9i)
- Performance Tuning of the application on both platforms (AS/400 and Oracle 9i).

JDA SOFTWARE GROUP INC SCOTTSDALE, AZ

NOV2000-JULY2001

Retail IDEAS® (Interactive Data Evaluation and Action Support) is a multi-platform, client/server **data warehouse system** that provides retailers with powerful applications for analyzing their business, monitoring strategic plans, making informed decisions and enabling tactical actions

Responsibilities:

- Design and development of derivative categories, i.e. Profile Group (Enabling analysis based on customer for predefined groups), Product Statistics (Enabling

analysis for comparative products based on redefined groups). The application was developed using Embedded SQL in RPG IV (with dynamic SQL queries).

ARTECH INFORMATION SYSTEMS

GE CAPITAL MORTGAGES, SAN BERNARDINO, CA APRIL 2000- NOV 2000

Maintenance and enhancements of Loan Servicing and Accounting Management System as requested by the Client.

MILLENNIUM SOFTWARE INC

MOVEMONEY, INC., AUSTIN, TEXAS

Jan 99 - Feb 2000

This in-house development project was based on development of an online fund transfer system. The system allowed for Business to Business and Consumer to Consumer transactions.

- Design and development of web pages using HTML 4.0, JavaScript, Java Servlets
- Creation and maintenance of the Oracle 8i database for the application.

MILLENNIUM SOFTWARE INC

ROSS ROY GROUP, MI

MAY 99 - DEC 99

GLMS (Generic Lead Management System) Application is a consumer only oriented telemarketing system. It specifically tracks a consumer's relationship with Chrysler. The application is written in PowerBuilder GUI and RPG/400.

- Design and Development of various Interactive and Batch Programs in RPG/400, RPG IV, ILE and CL/400.

TATA CONSULTANCY SERVICES

P&O NEDLLOYD, UK

July 98 - FEB 99

As a Project Leader was involved in the maintenance and enhancement of the Roadways Container Transport System application.

- Coordination with the Client and project manager station in UK. This involved getting the requirements (including the new functionality if required) from the client co-coordinator.

TATA CONSULTANCY SERVICES

INDIAN BANK

APR 97 - JUN 98

Maintenance and enhancements of ISBS application
Database Administration of Oracle databases
Configuration Management of the source and database files using SCCS on UNIX box.

- Design, Analysis, development of new module PRSS (Product support system)
- Design, Analysis, development of Forex module (Implementing Foreign exchange)

TATA CONSULTANCY SERVICES

KIOSK AG, MUTTENZ, SWITZERLAND

JAN 96 - APR 97

KIOSK AG had its EDP operations running on TANDEM, DEC, UNIX and AS/400 platforms. The objective was to streamline its operations and standardize all applications on AS/400.

- Formulation of conversion strategy and development of conversion tool for DEC NATURAL to AS/400 COBOL conversion (with embedded SQL).
- Analysis, design, development, integration of a module which couldn't be converted directly (the module involved reports whose layout could be specified at run time).

TATA CONSULTANCY SERVICES

HOME EXPRESS, CA

JAN 95 - DEC 95

- Executing the tool to convert Wang COBOL Programs to COBOL/400.
- Executing the tool to convert Wang MAPS to AS/400 display files.
- Perform Manual changes on the converted source, code review, testing & debugging.

NUCLEUS SOFTWARE LTD

SERVICE LOG SYSTEM

JUNE 94 - DEC 94

SLS is an electronic query resolution system based on a group of persons having similar interest. The major client for the application was CITIBANK NA

- Design, Development, maintenance and enhancement of the system changes based on the user requests.
- Developed complex reports using dynamic queries using Pro*C, PL/SQL. The filter criteria for the selection in queries was dynamically obtained from an application developed using SQL*Forms 3.0 on UNIX platform.

VAISH TECHNICAL INSTITUTE

ROHTAK, HARYANA

AUG 92 – JUN 93

As Lecturer in CSE my responsibilities include

- Conducting Lectures, Tutorials, Labs on Object Oriented Programming, Data Structures and Algorithms, Programming Languages
- Guiding students in Final year Projects, Seminars, Industrial Training, Mentoring junior staff and students
- Administration of the department(function as HOD) as and when required
